Summary

Motivated and detail-oriented Frontend Developer at Alitech Website Solutions, with hands-on experience in building responsive, accessible, and high-performance web applications using modern JavaScript technologies such as React.js, Next.js, Redux.js, and Webpack.

Combining strong technical expertise with a solid academic foundation in Accounting and Financial Management, currently being pursued at the Samarkand Branch of Tashkent State Agrarian University, I offer a unique perspective that bridges technology and finance.

Passionate about continuous learning and innovation, I strive to apply cutting-edge web technologies to develop scalable, user-focused digital solutions that solve real-world challenges and deliver impactful user experiences.
